

METAL DETECTORS

V-HHMD3000-Z6 HAND HELD METAL DETECTOR

FEATURES

Designed for weapon screening and loss prevention

Effective in detecting Ferrous, Non-ferrous metals
conductive metal alloys & ferrites

Detects any metal hidden in ferrite rods

Highly sensitive & fully self adjustable

Low battery indication

Audio-visual indication through piezo buzzer

Designed for Airport, Station, Customs, Police,
Border, Security Department, Prisons, Stadiums etc.

Simple to use and convenient

TECHNICAL SPECIFICATIONS

V-HHMD3000-Z6

Parameter	Specifications
Type of Metal Detection	Ferrous and Non Ferrous
Working Bands	Approx 25 KHz
Vibration Indication	Supported
Visual Indication	Supported through color LED
Audio Indication	Supported
Detection Range based on size of Metals	Pin (30–70mm) Pistol (200–250mm) 6 inch Knife (200–250mm) 20mm Dia Steel Ball (120–150mm) Coin (100–130 mm)
Power Supply	9V battery or rechargeable battery
Operating Frequency	11.5 KHz
Operating Temperature	-20°C to +65°C
Operating Humidity	95% or less non condensing
Dimension	415mm x 85mm x 45mm
Net Weight	Approx.300 gms (excluding battery)
Certifications	CE, FCC, ROHS

*Exact products and specifications shown may vary by geographic region and are subject to change without notice. Product image, weights and measurements are approximate and may vary.
