

METAL DETECTORS DOOR FRAME

V-MD6Z-DFZ6

6 ZONES WALK THROUGH METAL DETECTOR

FEATURES

Walk-through door frame metal detector

High sensitivity 6 zones detection

Ultra-fast detection with a throughput rate of up to 40 person per minute

Buzzer and LED array for audio-visual alarms on detecting Ferrous, Non-Ferrous, metal and alloy objects

Anti- interference digital filtering technology

Password protection enables user access right with multiple security levels

Door frame constructed with high strength material to resist weathering effects

TECHNICAL SPECIFICATIONS

V-MD6Z-DFZ6

Parameter	Specifications
Passage Dimension	2017mm x 720mm
Metal Sensitivity	Maximum Sensitivity≥10g Metal
Display	LCD digital control panel with real-time statistics & alarm counts
Operation Interface	Dual sets of red and green digital tube display with integrated four-button control panel
Preset	Up to 72 scenarios
Alarm Mode	Supports multiple alarm tone selection mode
Sensitivity	400 adjustable sensitivity levels for metal objects
Zone Detection	6 zones
Simultaneous Detection & Alarm	Up to 2 detection zones simultaneous alarm
Calibration	Automatic
Password Protection	Supported 5-digit password protection
Working Environment	-20℃ ~ +65℃
Working Current	AC100V~240V 50 / 60Hz
Operating Frequency Range	0—99 Bands
Power Consumption	<12W
Construction Material	High density MDF wooden panel
Weight	23 Kg
Installation Environment	Width 100cm x Length 200cm (minimum range without metal)
Dimensions	2165x828x349mm
